

Special Education Seating

Michelle Munderloh

NPS Building: Norfolk Middle School

Grade: 5th Grade, 6th Grade

Subject: Math, Special Education, English

Amount Requested: \$750.00

Amount Remaining: \$750.00

Project Summary:

I am a special education resource teacher, and I teach 5th and 6th-grade math and language arts. I am seeking 5 additional rocking chairs that fit behind the desks in my classroom because my class sizes have increased.

Itemized Budget:

Amazon Pricing:

Virco ZROCK18 School Rocking Chair (2 Chairs) ZUMA Rocker Series 18" Seat Height Navy: \$592.56

Walmart Pricing:

Virco Sensory Rocking Chair, Navy: 240.49 each: I could stay within budget and order 3 chairs: 721.47

Timetable and Plan:

The students will use them daily in the classroom. I have given 2 purchase options for pricing.

Evaluation/Measurable Result:

Reduced behavior documentation due to the ability to move.

Teacher Comments:

My students love the rockers we have, and would greatly appreciate having additional rockers. The majority of my students could sit in one during class with 3 additional chairs. They are calming for those with autism, anxiety, emotional disturbances, and ADHD.
