Community RelationsStatement of Intent

It is the desire and intent of the Board of Education that there be continuous planned public relations activities for all participants in the school community - for students, staff, parents and for the public at large. The public relations efforts should emanate from the schools, as well as from the administrative offices.

Because the Board is proud of the staff, students and the school, public relations activities should encompass all areas of school life, including regular instructional activities, special events of unusual interest, extra-curricular activities, accomplishments of students and staff and Board of Education activities.

The purpose of the public relations activities shall be to inform so that all participants in the public education endeavor may gain pride in and understanding of their schools.

Methods of Communication

The Board of Education will use various media to keep the public informed—including news releases to the area newspapers, issuance of newsletters, social media posts, presentations before parent groups and other community organizations.

All Board of Education public releases shall be made through the Superintendent. Releases directly related to School Board Operations shall be approved by the President of the School Board. The Superintendent shall establish procedures for the dissemination of information regarding deliberations and decisions of the Board of Education. The Superintendent shall also establish procedures for the dissemination of local school news, emphasizing student and staff activities and achievements.

Community Relations

Visiting School

Parents are encouraged to be actively involved in their child's education. Upon reasonable advance request a parent will be permitted to attend courses, assemblies, counseling sessions, and other instructional activities unless the school determines that such attendance would substantially interfere with a legitimate school interest, which includes the interests of the parent's child, other students, and the educational staff. The teacher being visited by a parent should continue with the regular classroom work. It is desirable that any individual parent-teacher conference be held before or after school in order that the normal instructional activities not be disrupted.

Contacts during school hours with non-school individuals and agencies for materials, service, or programs may be made only with the approval of the principal.

For security reasons, all visitors must sign-in and out at the office. In addition, the administration may exercise its discretion and has the authority to direct that certain individuals who may pose a threat of harm to students or staff or who may create or have created a disruption to the educational program be prohibited from being on school grounds.

Employees in school buildings shall report immediately any person loitering on or near the school grounds to the principal. If necessary, the principal will notify the appropriate law enforcement agency to investigate the situation.

Community RelationsCitizen Communication to the Board of Education

The Board of Education recognizes the necessity for open communication with students, parents, patrons and staff but is also aware that a procedure for processing concerns and complaints is imperative to the normal operations of the District. It is the intent of the Board that concerns and complaints be resolved at the lowest possible level.

Complaints Made to Individual Board Members

Members of the Board of Education have no authority or power to act on behalf of the Board or the District except when acting as a member of the entire Board at a duly called board meeting or when acting with express, specific authority granted by the Board or by law. Should any member of the Board be approached by a student, parent, patron or staff member who has a concern or complaint, the member should:

1. Listen attentively to the concerns but not take any inflexible position.
2. Instruct the individual about the District's process for resolving concerns and complaints and direct the individual to the appropriate complaint or grievance procedure or to the Superintendent for information concerning such procedures. If the concern or complaint involves a teacher, the individual should be informed to discuss the matter with the teacher first.
3. Inform the Superintendent of the concern.

The Board and the District shall not be bound in any way by the action or statement on the part of any individual Board member or committee, except when such statement or action is taken or made in conformance with express, specific authority granted by the Board or by law.

Complaints Made to the Board

Concerns or complaints related to the approved board agenda may be made to the Board of Education at a duly called Board meeting at such time as the agenda provides for public participation or comment.

In the event the complaint involves a personnel matter relating to an employee of the District, the individual raising the complaint shall be directed to first exhaust the appropriate complaint or grievance procedure, which involves submitting a signed, written statement of complaint to the appropriate building principal or the superintendent of the schools. The board shall not respond or take action on such a complaint until such complaint or grievance procedure has been exhausted.

Individuals raising concerns or complaints involving non-personnel matters which may be the subject of a complaint or grievance procedure may also be directed to first use such complaint or grievance procedure.

The School District shall not make records of individual students, personnel, or other confidential material available, except as allowed by law or compelled by court order.

2. Records may be examined at the School District offices during the hours such offices are open for the ordinary transaction of business. 3. Records may be obtained in the form in which the record is maintained including, but not limited to, printouts, electronic data, and photocopies. If the copies requested are estimated by the School District to be more than fifty dollars (\$50.00), the School District may require the requester to furnish a deposit prior to fulfilling such request.

4. For residents of Nebraska and news media desiring to submit a public records request to the School District, a requester must submit a written request to the School District. Upon written request for access to records, the School District will provide to the requester as soon as is practicable and without delay, but not more than four (4) business days after actual receipt of the request:

If the response to the request is expected to require more than eight cumulative hours of staff time spent searching, identifying, physically redacting, or copying, the District may require the requester to furnish a deposit, as permitted under the Public Records Request Laws.

Community RelationsCommunity Use of School Facilities

School facilities are primarily intended for the District's educational and extracurricular activity programs. School facilities are, however, made available for use by outside groups to further the interests of the District and the community. Use by non-school groups is allowed pursuant to an application process and is subject to the terms and conditions set forth in this policy.

1. Application for Use.

Outside groups that wish to use school facilities must submit a completed Application for Use form signed by a representative of the outside group who has authority to commit the outside group to the terms and conditions of the Application. The outside group, as Applicant, shall specify the nature of the intended use, the dates and times of the requested use, and the facilities for which use is requested.

The form shall be developed by the administration. The form shall include the statement that:

This application is subject to the terms of the Board's "Community Use of School Facilities" policy. The terms and conditions of that policy are incorporated into this application by this reference. Applicant accepts all such terms and conditions.

2. Acceptance of Application for Use.

Acceptance or rejection of applications shall be the responsibility of the Superintendent or the Superintendent's designee.

Applications shall not be rejected for any unlawful reason, including unlawful discrimination on the basis of race, national origin, gender, religion, disability, age, marital status, or veteran status, and including the applicant's legally protected exercise of constitutional or statutory rights.

The District's facilities are designated as nonpublic forums. Accordingly, applications shall not be accepted for:

- a. Uses that may conflict with or that disrupt the District's educational or extracurricular activity programs.
- b. Uses inconsistent with the mission of the District.
- c. Uses that present an unacceptable risk that the conditions of use set forth in this policy will not be adhered to; either due to the nature of the requested use or the character of the group or individuals within the group.
- d. Uses that present an unacceptable risk of damage or unacceptable wear and tear to facilities or equipment.

- e. Uses for outside commercial activities except with approval of the Board; and except for camps and other activities for high school students subject to and consistent with Bylaws of the Nebraska School Activities Association.
- f. Uses that involves gambling or games of chance.
- g. Uses that involves a group or activity which advocates or condones the violent overthrow of the Constitution or of the government.
- h. Uses that involve the meetings of secret clubs not open to members of the public.
- i. Non-community type uses such as wedding receptions, slumber parties, personal use and similar activities.

Applications for use of facilities may be denied based on unsuitability of the date or time of the requested use. Facilities will generally not be available for community use at times when school staff are not available to monitor the Applicant's use, such as on legal holidays; before 7:00 a.m.; after 10:00 p.m. and Sunday mornings prior to Noon.

Leases of school facilities require approval of the Board. As such, Applications that request long-term use of facilities in the nature of a lease will be denied.

Applications may be denied based on the determination of the Superintendent or the Superintendent's designee that the Applicant does not have the financial ability or financial responsibility to pay fees or expenses or to reimburse the District for any damages that may be sustained to facilities or equipment or any liability that may be created by the use.

When an Application conflicts with another Application, the Applications will be accepted according to the following priority order:

- a. Events or activities that are designed to service students of the District or which are related to any function of the District, including approved school-community associations and school-affiliated non-profit groups.
- b. Tax-supported agencies such as educational entities or units of city, county or state government.
- c. Nonprofit community agencies such as private educational agencies.
- d. Groups where the majority of the members reside within the District.

For use conflicts within each group, priority will be given to the first to submit their Application; provided that the Superintendent or the Superintendent's designee may approve an Application that is not first-filed if the other Applicant's use could be feasibly changed to a non-conflicting time or area.

Applications that are accepted may not be assigned or transferred to another outside group.

Applications that are accepted are subject to cancellation by the Superintendent or the Superintendent's designee. Cancellation will occur in the event the administration reasonably determines:

- a. Any of the reasons for non-acceptance of an application exist.

- b. The Applicant fails to meet any term or condition required prior to the use. This includes but is not limited to failure of the Applicant to pay required fees or deposits or failure to show evidence that any required insurance is in place.
- c. Circumstances make the use unsuitable. This includes but is not limited to:
 - i. The condition of the facilities being unsafe. For example, the presence of snow, ice, fallen limbs or other potential hazards that the school would not otherwise clear prior to the activity or event. The Applicant may request that the District clear the hazards such that it may proceed with its activity or event. If the District agrees to do so, the Applicant shall be responsible for all costs incurred by the District in clearing the hazard.
 - ii. School staff being unavailable to monitor the use or to provide set-up or clean-up services where the District has accepted responsibility for such.
 - iii. The need to use the facilities for a school activity or purpose.

Generally, if school is closed on the date of the Applicant's intended use due to inclement weather or hazardous conditions, the Applicant's use will be cancelled.

The Applicant shall remain responsible for fees or expenses, and any deposit that has been received by the District shall be forfeited and be kept by the District, if cancellation occurs because of the fault of the Applicant. Otherwise, the District will return any deposit that has been received by the District. The District will in no event be responsible for any damages, expenses, or losses incurred by the Applicant or any person arising from the cancellation.

An Applicant may withdraw its Application at any time prior to acceptance. An accepted application may be withdrawn by the Applicant, subject to approval of the Superintendent or the Superintendent's designee. Approval is subject to the conditions that the Applicant has given reasonable advance notice (ordinarily, at least 48 hours) and that the Applicant reimburse the District for any expense the District has incurred.

3. Conditions of Use.

The conditions for use are as follows:

- a. Compliance. Applicant agrees to:
 - i. Comply with all local, state and federal laws, including health and fire codes.
 - ii. Comply with Board policies concerning non-discrimination and the use of school facilities.
 - iii. Comply with reasonable administrative rules related to use of facilities and the requests of school officials related to the Applicant's use of the facility.
- b. Disclaim School Sponsorship. The District does not sponsor or endorse the Applicant or the activity or event conducted by the Applicant. To ensure that the public understands this fact, the Applicant agrees to not make any statements suggesting such sponsorship and to publish statements of non-school sponsorship

in such form and manner as the administration may request.

- c. Supervision. Applicant agrees to provide appropriate supervision of the activity or event in all respects, including supervision reasonably necessary to ensure that no person participating in or attending the activity or event:
- i. Is presented with conditions that pose an unreasonable risk of personal injury or damage to personal property.
 - ii. Enters any area of the school facilities that the Applicant has not been given permission to use, or accesses any school records.
 - iii. Engages in the use of tobacco, alcohol, or illegal drugs, or is under the influence of alcohol or illegal drugs.
 - iv. Possesses a firearm or a weapon.
 - v. Engages in disorderly, lewd, or lascivious conduct.
 - vi. Engages in any criminal behavior.

Applicant shall remove any person from the activity or event who engages in any of the above listed conduct. Applicant agrees to report to the school administration by the close of the next business day the identity of any person who engaged in any of the above listed conduct and the details of the conduct. If the offending person is a student, the report shall be made immediately.

In the event the school administration determines that the nature of the activity or event warrants the presence of security services, Applicant agrees to provide such security services.

Applicant agrees to ensure that all persons attending its activity or event are off school grounds at the end of its time of permitted use, except for students or school staff who are authorized to remain for a school-related purpose.

- d. Condition of Premises. Applicant agrees to:
- i. Conduct a reasonable inspection of the premises prior to the activity or event to ensure that the premises are safe for the intended use. In the event of any unsafe condition, Applicant shall notify an administrator. In the event the unsafe condition is not corrected prior to the activity or event, the Applicant shall postpone or cancel the activity or event.
 - ii. Not use or allow any school equipment to be used without express approval of school administration.
 - iii. Not bring or allow others to bring food or beverages on to school grounds without express approval of school administration.
 - iv. Not bring or allow others to bring or use any flammable items (including candles or incense) or any volatile chemical or any explosive.
 - v. Not use any electrical equipment that has been brought onto the premises without express approval of school administration.
 - vi. Not allow the wearing of street shoes or shoes with black soles on gym floors or other protected surfaces.

- vii. Not park or allow others to park in fire lanes or reserved spaces or in any manner inconsistent with the school's parking rules.
 - viii. Not cause or allow others to cause damage to school facilities or equipment.
 - 1. In the event damages are sustained, Applicant accepts responsibility for reimbursing the District for the cost of repair or replacement.
 - 2. Applicant agrees that the school administration's determination that damage was sustained in connection with the Applicant's use, and of the cost of repair or replacement, is controlling.
 - 3. Applicant shall immediately report to the school administration any damage to school facilities or equipment that occurs during the Applicant's use of school facilities that may present a risk of injury to students or any subsequent users. Any other damage shall be reported by the close of the next business day.
 - ix. Return the facilities in as good a condition as it was prior to use. This includes, without limitation, cleaning, removal of trash, and returning tables and chairs and other school property to their proper location. The clean-up shall be promptly completed. In the event the District provides the clean-up service, Applicant agrees to reimburse the District for the cost of such clean-up.
 - x. Remove any property brought in by the Applicant and by any person attending the activity or event. The District is not responsible for any personal property that is left on the premises.
- e. Financial Responsibility. Applicant agrees to:
- i. Procure, at its own expense, a Comprehensive General Liability insurance policy naming the District as an additional insured. This policy shall be written with a minimum of \$500,000 Combined Single Limit per occurrence. A Certificate of Insurance evidencing coverage must be submitted prior to the Applicant's use.
 - ii. The insurance requirement is subject to waiver by the Superintendent or the Superintendent's designee only in circumstances where the intended use presents very little potential for injury or damage and the activity or event is designed to serve the District's students or staff.
 - iii. Indemnify and hold the District, the Board, school employees and agents of the District harmless from any and all claims, demands, causes of action, or lawsuits for any death or personal injury or damage to property sustained during, caused by or arising out of the Applicant's use of school facilities.

4. Fees for Use.

The Superintendent or Superintendent's designee shall establish a daily use fee schedule that establishes rates for specific parts of the school facilities (that is, kitchen, auditorium, gymnasium,

athletic field, classrooms, meeting rooms). The rates shall be reviewed on a periodic basis; with the review to occur no less than every two years.

The fee rates shall be in an amount sufficient to cover estimated staff time and direct costs associated with:

- a. Processing. Cost of processing the Application, postage, invoicing and coordination of the use.
- b. Access. Cost of providing access; such as unlocking doors before use and locking after use, turning lights on and off, and disarming/re-arming security systems.
- c. Custodial. Cost of providing custodial or maintenance services to prepare the facility for the use and for clean-up after the use.
- d. Kitchen. Cost of providing access to the kitchen facilities; as ordinarily any permitted use of the kitchen will require the presence of a member of the school's food service staff.
- e. Special Equipment. Cost of making special equipment available such as sound and lighting set-up; as ordinarily any permitted use of special equipment will require the presence of a member of the school's staff who is familiar with proper use of the equipment.
- f. Monitoring. Cost of administrative or other professional staff to monitor the Applicant's use to ensure compliance with the terms and conditions of the permitted use.
- g. Security. Cost of providing security services when determined to be needed for the activity or event.

The fee schedule shall be applied evenly to all Applicants, with two exceptions:

- a. A different fee may be assessed where the Superintendent or Superintendent's designee reasonably determines that the Applicant's use will require staff time or cause direct costs different than those used in establishing the fee schedule.
- b. A fee waiver or reduced fee rate shall be given for use where the activity or event is designed to serve students of the District or children; such as approved school-community associations and school-affiliated non-profit groups and summertime sports leagues, sports camps, etc., that are subject to NSAA regulations.

5. Use Consistent with NSAA Bylaws.

Use of school facilities for activities that are subject to the Bylaws of the Nebraska School Activities Association (NSAA) shall be permitted subject to and in accordance with the NSAA Bylaws. Such use shall be consistent with this policy for non-school groups. Examples of acceptable use of school facilities for activities are:

- a. Summer Leagues. There must be evidence that the organization or individual conducting the league has rented or leased the facility (for example, via an Application for Use) to prove the school is not involved in its sponsorship or funding.

- b. Commercial Sport Camps/Clinics. School facilities for use by individuals, including the District's own coaches or other organizations for commercial camps/clinics or schools. Camps conducted by high school coaches shall be publicized as open to all area individuals wishing to attend and not limited to students from the coach's high school.
- c. All-Star competition that involves graduated seniors.

Community RelationsUse of School Facilities: Student Groups

1. Access by Youth Organizations. The District will allow, upon request, a representative of a recognized youth organization to provide: (1) oral or written information to students regarding the youth organization and how such youth organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship; and (2) services and activities to any student who is a member of such youth organization. A “recognized youth organization” is limited to those group listed in 36 U.S.C. Subtitle II, Part B. Each requesting youth organization will be permitted to provide information at school at least once during each school year. The administration will make a good faith effort to find a mutually agreeable date, time, and location for each requesting youth organization, though the administration shall have the ultimate authority to select the date, time, and location for any requesting youth organization. Under no circumstances will any requesting youth organization be permitted to provide oral information to students during instructional time, unless previously approved by the Superintendent or Superintendent’s designee. Every representative from a requesting youth organization must submit to, at the organization’s cost, a background check. The Superintendent or Superintendent’s designee may refuse to allow an individual to be on school grounds if the individual’s background check discloses a prior felony conviction or if, in the Superintendent’s discretion, the background check otherwise reveals concerns about student safety. Nothing in this Paragraph preempts or undermines any provision of the District’s Parental Involvement Policy.
2. Equal Access to Student Groups. In the event any of the schools have a limited open forum as defined in the Equal Access Act, such school(s) shall not deny equal access or a fair opportunity to, or discriminate against, any students who wish to conduct a meeting within that limited open forum on the basis of the religious, political, philosophical, or other content of the speech at such meetings. A limited open forum for this purpose exists if the school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.

All such student meetings at school are subject to the following requirements:

- a. the meeting must be voluntary and student-initiated;
- b. there must be no sponsorship of the meeting by the school or its agents or employees;
- c. employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
- d. the meeting must not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e. non-school persons may not direct, conduct, control, or regularly attend activities of the student group.

The administration shall in all respects maintain the District in compliance with the Equal Access Act.

3. Equal Access to Outside Groups Meeting at School. If the District provides an opportunity for one or more outside youth or community groups to meet on school premises or in school facilities before or after school hours, the District shall make that opportunity available to other similarly situated groups. The administration shall in all respects maintain the District in compliance with the Equal Access Act.

This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Upon request, a professional employees' organization, as defined by state law, shall be granted reasonable access to the physical or electronic mailboxes of certificated employees for purposes consistent with state law and Board Policy. Smoking shall also be prohibited in any area where school staff, students or members of the public may be present or may be affected by smoke, including the stands and bleachers of outdoor athletic fields and near the entry of school buildings.

For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. B. Preventing Harassment and Discrimination of Employees and Students

1. Purpose: Norfolk Public Schools is committed to offering employment and educational opportunity to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Norfolk Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's sex, disability race (including skin color, hair texture and protective hairstyles) color, religion, military or veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to

a person's sex, disability, race (including skin color, hair texture and protective hairstyles) color, religion, military or veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, constitutes harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or implicit term and condition of employment (including hiring, compensation, promotion, or retention);
- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.
- (c) The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

2. Procedures:

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the

Title IX Coordinator.

- c. If a satisfactory arrangement cannot be obtained through the Title IX Coordinator, the complaint may be processed by the Superintendent or the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.
- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

Community RelationsService Animals

Individuals with a disability shall be permitted to use a service animal on school premises as and to the extent provided by law.

1. Definition of Service Animal

A service animal is a dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability. Other species of animals are not service animals for the purposes of this definition, though miniature horses are in certain circumstances entitled to similar treatment.

The work or tasks performed by a service animal must be directly related to the handler's disability. Examples of work or tasks that a service dog may perform to meet this definition include:

- Navigation: assisting individuals who are blind or have low vision with navigation and other tasks,
- Alerting: alerting individuals who are deaf or hard of hearing to the presence of people or sounds,
- Protection: providing non-violent protection or rescue work,
- Pulling: pulling a wheelchair,
- Seizure: assisting an individual during a seizure,
- Allergens: alerting individuals to the presence of allergens,
- Retrieving: retrieving items such as medicine or the telephone,
- Physical support: providing physical support and assistance with balance and stability to individuals with mobility disabilities, and
- Interrupting behaviors: helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

Work or tasks that are excluded from meeting the definition are:

- Guard dogs: the crime deterrent effects of an animal's presence and
- Companion dogs: the provision of emotional support, well-being, comfort, or companionship.

2. Permit Presence of Service Animals

An individual with a disability shall be permitted to be accompanied by his or her service animal in all areas where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go. A bona fide trainer of a service animal also has the right to be accompanied by such animal in training. The individual may not be required to pay an extra fee for the service animal to attend events for which a fee is charged.

Service animals may be excluded from school premises if:

- a. The service animal is out of control and the service animal's handler does not take

- effective action to control it;
- b. The service animal is not housebroken; or
- c. The presence of the service animal poses a direct threat to the health or safety of others. To determine whether a “direct threat” exists, an “individualized assessment” is to be made to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

3. Control of the Service Animal.

The service animal must be under the control of its handler. In most cases, the dog must have a harness, leash, or other tether. The service animal does not need to be on a leash, however, if the handler is unable because of a disability to use a leash. A leash is also not required if it would interfere with the service animal’s safe, effective performance of work or tasks. If either of the leash exceptions applies the service animal must be under the handler’s control via voice control, signals, or other effective means.

4. Responsibility for Care or Supervision.

The school district is not responsible for the care or supervision of the service animal. The individual with the service animal shall be liable for any damage done to the premises or facilities or to any person by such animal.

5. Inquiries.

When addressing a service animal matter, staff shall not ask about the nature or extent of the person’s disability.

Staff may not ask questions about the dog’s qualifications as a service animal when it is readily apparent that the dog is trained to do work or perform tasks for an individual with a disability. Examples include where the dog is observed guiding an individual who is blind or has low vision, pulling a person’s wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability.

Where it is not readily apparent that the dog qualifies as a service animal, staff may ask if the dog’s presence is required because of a disability and what work or task the dog has been trained to perform. Staff may not require documentation, such as proof that the dog has been certified, trained, or licensed as a service animal.

Community RelationsFund Raising Activities

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

A. General Guidelines.

The School Board of Norfolk Public Schools recognizes a desire and a need for ongoing fundraising support. The school board also recognizes a need for restraint to prevent fundraising activities from becoming too numerous and overly demanding on employees, students, and the general public.

All fundraising for student organizations and charitable giving campaigns must have prior administrative approval. School District employees who supervise official school programs or extracurricular activities are directed not to organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building administration.

B. Student Organization Fundraising.

Student organizations are groups that are sponsored by the district and approved by the school board. They are designed to provide opportunities for students to participate, on an individual or group basis, in school and public events for the improvement of skills. Student organizations are directed or supervised by School District staff.

1. Approval Criteria. Student organization fundraising activities are to be considered for approval based on the following criteria: (1) the project will be fun and safe for students, (2) students will not be exploited for sectarian, political, or commercial purposes, (3) the project will accomplish the goals for the fundraiser without undue risk of financial loss, (4) the project will be consistent with the mission and goals of the School District and the student organization, (5) the number of fundraisers run by the particular student organization and within the school and the District within the last twelve months, and (5) the project meets all legal requirements.
2. Food Sales. The sale of foods as a fundraiser is subject to the School Wellness Policy.
3. Safety Considerations. The District does not sponsor activities involving driving vehicles unless a school employee or sponsor is driving. Parent permission must be given before any student is permitted to participate in door-to-door sales.
4. Non-Approved Activities. The following activities may not be approved as fundraising activities: lotteries, car bashes (or other comparable destructive activity), direct solicitation of money, and labor auctions.
5. Contracts. Teachers, coaches and sponsors are not authorized to sign contracts for the procurement of items to be sold or used in student organization fundraisers.

Any contract that obligates school funds shall be submitted to the building principal for approval and execution.

6. Purchases. All purchases related to student organization fundraisers are to be made in the school district name. Deliveries of fundraising items for sale shall be made to the school building, not to personal addresses. Items shall be kept in a secure place to avoid theft. Items which are overpriced or of an embarrassing or controversial nature to the school will be rejected. Items which are in direct competition with local businesses shall be avoided where practicable.
7. Money-Handling. All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account the next school day following receipt, or as soon as possible. Funds may not be deposited into personal accounts and may not be taken home.
8. Inventory. The fundraiser sponsor shall maintain an inventory of items related to the project. Upon completion of the project, unsold items may not be given away. The items shall be returned to the vendor for credit, sold at reduced prices in a clearance sale, or kept for sale in a future student organization fundraising event.
9. Disbursement of Fundraising Proceeds. Fundraising proceeds shall be disbursed to and used by the student organization for the purposes for which the project was initiated.
10. Records. The fundraiser sponsor shall submit all records related to the fundraising project at the conclusion of the project. The records to be maintained and submitted include: fundraiser approval, purchase order or procurement card receipt, invoices and packing slips, student checkout sheets, deposit receipts, inventory of merchandise and list of unsold merchandise, receipt for return of merchandise and records of credit or receipt for returned merchandise.
11. Student Conduct. All students who participate in approved fundraising activities are expected to represent the school, the student organization, and the community in a positive manner. All rules pertaining to student conduct and student discipline extend to student fundraising activities.

If a donation of cash or equipment is offered to a staff member for a school organization or the School District, the coach or sponsor shall refer the intended donor to the building administration. If the donor insists on giving the cash or equipment immediately, the staff member shall turn the donation over to the building principal immediately upon receipt.

Coaches or sponsors who also coach, manage or otherwise participate in club teams or similar non-school organizations must clearly separate any student organization fundraising from fundraising activities for their club team. Such individuals who receive donation offers must request that the donor be very clear as to whether the donation is intended for the student organization or the club team.

C. Fundraising by Outside Organizations.

Outside organizations are non school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Decisions on fundraising activities and the expenditure of fundraising proceeds should involve consultation with the school administration.

Independent sales consultants may not use schools as a source of sales, even if the consultant intends to donate a portion of the funds raised to the school. An independent sales consultant includes individuals who operate as a franchisee for businesses that sell products such as food storage containers, cosmetics, etc.

D. Charitable Giving Campaigns.

A charitable giving campaign is fundraising conducted for the purpose of providing money for a charitable cause not directly related to any District goal. Purposes for which such a campaign may be permitted include fundraising for student scholarships or student exchange programs, to assist families within the District who have experienced a catastrophe, or to fund community projects.

Any fund-raising activity conducted by any such organization using Norfolk Public Schools' facilities or using the District's name in solicitation of donations must have prior approval of the administration. If the request is approved, the organization shall include a statement that the Norfolk Public Schools is not endorsing the organization or campaign and has no affiliation with the event.

District funds cannot be used to off-set, front-fund, or pre-pay expenses for any charitable giving campaign. A charitable giving campaign shall not be permitted to conduct fundraising among the student population.

Community RelationsGifts to the School District

The Board of Education welcomes monetary and material contributions or other types of citizen contributions to the general school program. All donations become the property of the School District and will be used in the interest of the children of the School District. Gifts must be of an appropriate nature and have a purpose consistent with that of the School District. Gifts should not add to staff responsibility or create inequities within the district, and they must be given without restriction to their use.

The Norfolk Public Schools Foundation is recognized as an appropriate tax-exempt charitable organization for receipt and management of such gifts.

Gifts to School Employees

Gifts to employees from parents or students, with a monetary value in excess of \$100, are to be referred to the Norfolk Public Schools Foundation for disbursement.

Students and patrons shall not in any way be encouraged to give personal gifts to school personnel. If gifts are offered, school personnel should minimize such acts and not give publicity or public recognition to such gifts or publicly praise the donor.

Gifts by School Employees

Gifts of significant monetary value to students by their teachers or other employees who serve the student as part of their employment are not to be made. Exceptions are allowed for a homebound or seriously ill child, and in other cases where administrative approval has been given.

Parent organizations should coordinate their efforts through the school's administrative offices prior to planning events or activities.

The Board of Education supports the concept of using parents and others as volunteers in the school, not to replace professional staff, but to enrich the educational opportunities for the students.
