ELVPHD Risk Dial Guidelines and Recommendations for Schools
Green: Low/Stable Risk
• Low/stable does not mean "no risk". Precautions are still implemented as a means of remaining in an uninterrupted, in-person learning environment status. • 100% of students on site for face to face learning • NPS: **In Person Model:** All students in school buildings. Face coverings recommended for students and staff members. (May be required for some designated staff.)
Yellow: Moderate Risk
• Enhanced precautions are implemented as a means of remaining in an uninterrupted, in-person learning environment status. • 100% of students on site for face to face learning • NPS: **In-Person Model:** All students in school buildings. Face coverings strongly recommended for students and required for staff members.
Orange: Elevated Risk
• Further enhanced precautions are implemented as a means of minimizing disruptions to the in-person learning environment status. • Hybrid Model with a combination of on-site/in-person instruction and remote (home-based) learning opportunities • Students are divided into two learning groups with 2 days on-site/in-person instruction and 3 days remote/home-based learning opportunities each week. • NPS: **Hybrid Model:** Students will alternate days of learning on site and remotely to lessen capacity. Face coverings required for students and staff members.
Red: High/Severe Risk
• Remote/home-based learning only • No students will report for on-site/in-person learning • NPS:**Remote Model:** All students learning remotely
